We organized a rather big charity event – a game with football and basketball legends with big hearts: in Hala Tivoli, on 9th of June, 2015

ALL LEGENDS

The press conference took place a week before at the Ljubljana castle. The participants were: the president of the Sports association Olimpiki, Nataša Kadunc, Gabi Čačinovič-Vogrinčič PhD, Miro Cerar, Tone Fornezzi-Tof, Tom Lajevec, Slavko Kotnik, Miha Zupan, Matjaž Smodiš and many others.

In Slovenia there have never been so many sports legends at one place than at the humanitarian event ALL LEGENDS. In their wildest dreams the organizers haven't expected such a response, everyone who was a part of the recent Slovene sports history came. Trainer's tasks were performed by: Bojan Prašnikar, Ivo Daneu, Branko Oblak and Memi Bečirovič.

The referee at the game was the football referee Damir Skomina.

In the team of Zlatko Zahovič there were: the boxer Dejan Zavec, the football players: Mladen Rudonja, Mile Aćimović, Marinko Galić, Gregor Židan and Ermin Raković, the basketball players Dušan Hauptman, Sani Bečirovič, Slavko Kotnik, Roman Horvat, Darko Mirt and Veljko Petranović, the volleyball player Jasmin Čturič and the ski-runner Rene Mlekuž.

The team of Matjaž Smodiš consisted of: the basketball players: Rašo Nesterović, Goran Jagodnik, Ivica Jurković, Miha Zupan, Boris Gorenc and Slavko Duščak, the football players: Sebastjan Cimerotič, Sašo Udovič, Ermin Šiljak and Miran Pavlin, the athlete Primož Kozmus, the ski-jumper Primož Peterka and the hockey-player Tomaž Vnuk.

The result of the game was not important, but let us present it anyway: the team of Zahovič was more successful in basketball (36:31), in football there was no winner (6:6).

The game was thoughtfully connected and commented by the experienced reporters Tomaž Lajevec and the main commentator Andrej Stare.

During the halftime there was a short but interesting game of basketball:

the rugby club boys Olimpija U16 and NK boys Olimpija U16

There were many others who took part in the event: Gabi Čačinovič Vogrinčič PhD, the president of the sports association Olimpiki Nataša Kadunc, Miro Cerar, the rap singer 6Pack Čukur, the satirist Tone Fornezzi TOF, the dance group Frklje...

We would like to thank all who were mentioned for their active sports participation!

The results in basketball and football games were not the most important part of the event, the most important was the purpose of the event:

To help the pupils of the Youth Home of Malči Belič in Ljubljana (every pupil was present at the event and they enjoyed it very much and met sports legends).

There weren't as many spectators as expected, still we keep our promise:

the staff and all the children of the Youth Home of Malči Belič were taken to an unforgettable one-day trip to Bohinj!

We would like to thank from our hearts to numerous volunteers, who helped in organizing a very wide-response-humanitarian-event, special thanks to Slavko Kotnik – tireless coworker in the realization of the project ALL LEGENDS!

Many thanks to numerous companies for many material and service donations with which we can make children happy.

***THE SPORTS ASSOCIATION
OLIMPIKI WOULD LIKE TO
WELLCOME ALL CHILDREN
FROM 12 TO 18 OF AGE TO JOIN
US! A NEW IDEA EMERGED:***

OLIMPIKI FOOTBALL ACADEMY OF TRAPPING I

Our doors open in October on our sports playground in Vojkova Street 55 in Ljubljana, behind the Ministry of Defense, (by the Faculty of Economics and High school for Construction). For all who wish something more - to master their skills in football trapping or improve their football knowledge with the help of trapping on the naturally grown grass.

IT IS RUN BY THE WELL KNOWN FOOTBALL PLAYERS, EX-REPRESENTATIVES: SEBASTJAN CIMEROTIČ, SAŠO UDOVIČ AND ALFRED JERMANIŠ.

The public presentation and the opening was held on 9th of October 2015 for all the youth of the Higher School for Construction. Together with the journalist Rok Plestenjak we presented an unforgettable active hour of sport.

We have joined forces in order to dedicate the profit to humanitarian purposes – helping children to develop their talents.

We began to execute this extensive and demanding project in May 2014.

Due to the initiation and invitation of our organization the president of the National Assembly of the Republic of Slovenia Milan Brglez PhD came for a visit to the Youth Home of Malči Belič on 7th October 2015.

Together with children we visit different sports games and cultural events with which we would like to help them gain more knowledge in their fields of interest. Through these events and activities they are acquainted and connected with sports and cultural creators, who stir up in them a strong wish to develop active and creative life.

Dealing with sport, artistic creativity and visiting different events enables one to feel perfected and even in tough life challenges it is easier to deal with all the tensions.

Those children who have been underprivileged from the start and therefore often stigmatized and socially excluded, have problems to find the motivation and inspiration to surpass their destinies and their daily fight for survival with more active and creative life. We are sure that with our unselfish help we will enable them a more quality and richer life, at the same time they will be given the cognition that everything is possible and that they can pave their own path according to their wishes and interests.

The results of our short activity are visible, special thanks to many who cooperated for their unselfish effort put into this project: joined together for the better tomorrow of children!

How can you help?

- Become a member of the association Olimpiki, help as much as you can!
- There are different ways of collaboration possible – support, ideas and advice.
 - Other forms of help are: different donations, contributions, volunteer work, sponsorship of the association Olimpiki in general, sponsorship of individual projects, possibility of advertising your products, company or trademark.
